

## *Product Instructions*

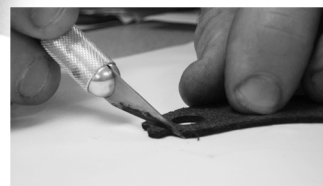

### #88-750 Big Block Ford Oil Pan Gasket

**This kit contains left and right rail gaskets and two identical seal gaskets. For proper fit trimming of some of the gaskets may be required.**

**Check the gasket set on your block. The bottom tabs of the seal gasket being used on the front seal may require trimming. If needed use a knife or razor blade to trim the seal as shown.**

**Check the tabs on each end of the left and right rail gaskets. These tabs will require trimming for use with the end seals in this kit. Use a knife or razor blade to trim as shown.**
