

2000-2016 Ford F-250 thru F-550 Super Duty Supercab Underseat Storage

Fits DU-HA Part Numbers
20031

Materials Needed:

- // Pliers
- // Screwdriver
- // 18mm socket or T-55 Torx (Depending on the year of your truck.)

Installation Instructions:

- 1 Flip up the bottoms of the back seats.
- 2 Loosen jack from under passenger side back seat. Slide jack rearward and retighten. Remove jack handle bag from floor of cab. (Note: Some models do not have jack handle bag under the back seat. In these models install the DU-HA using the existing seat bracket bolt - shown in Step 4.)
- 3 Remove rectangular metal bracket from jack handle bolt using a pliers to depress the plastic tabs that hold the metal bracket to the bolt. Pry wing nut off of metal bracket using screwdriver. (Note: You will use the wing nut to secure the DU-HA. You won't need metal bracket.)
- 4 Using an 18mm socket or T-55 Torx (depending on the year of your truck), remove the bolt (or nut) from the center seat bracket.
- 5 Set the DU-HA under the back seat (text facing front) and match the pre-drilled holes in the DU-HA with the holes in floor. Re-install the bolt (or nut). Do not over-tighten. Then put the wing nut bolt (if your model has one) into the other hole and tighten.
- 6 Place jack handles behind the DU-HA on passenger side or inside the DU-HA.
- 7 Assemble then Install foam organizer/gun racks with plastic stiffeners by sliding them into the slots in the DU-HA (as pictured).

This is how the DU-HA should look installed under the back seat.

Helpful Hint:
The jack can also be stored underneath the truck, on top of the spare tire, to free up space in the DU-HA.

First wrap the jack in a plastic bag or cloth, to keep it from getting dirty. Then, lower the spare tire (per instructions on jack tools) from under the truck and set the jack on top, as pictured. When finished, reel tire back up.

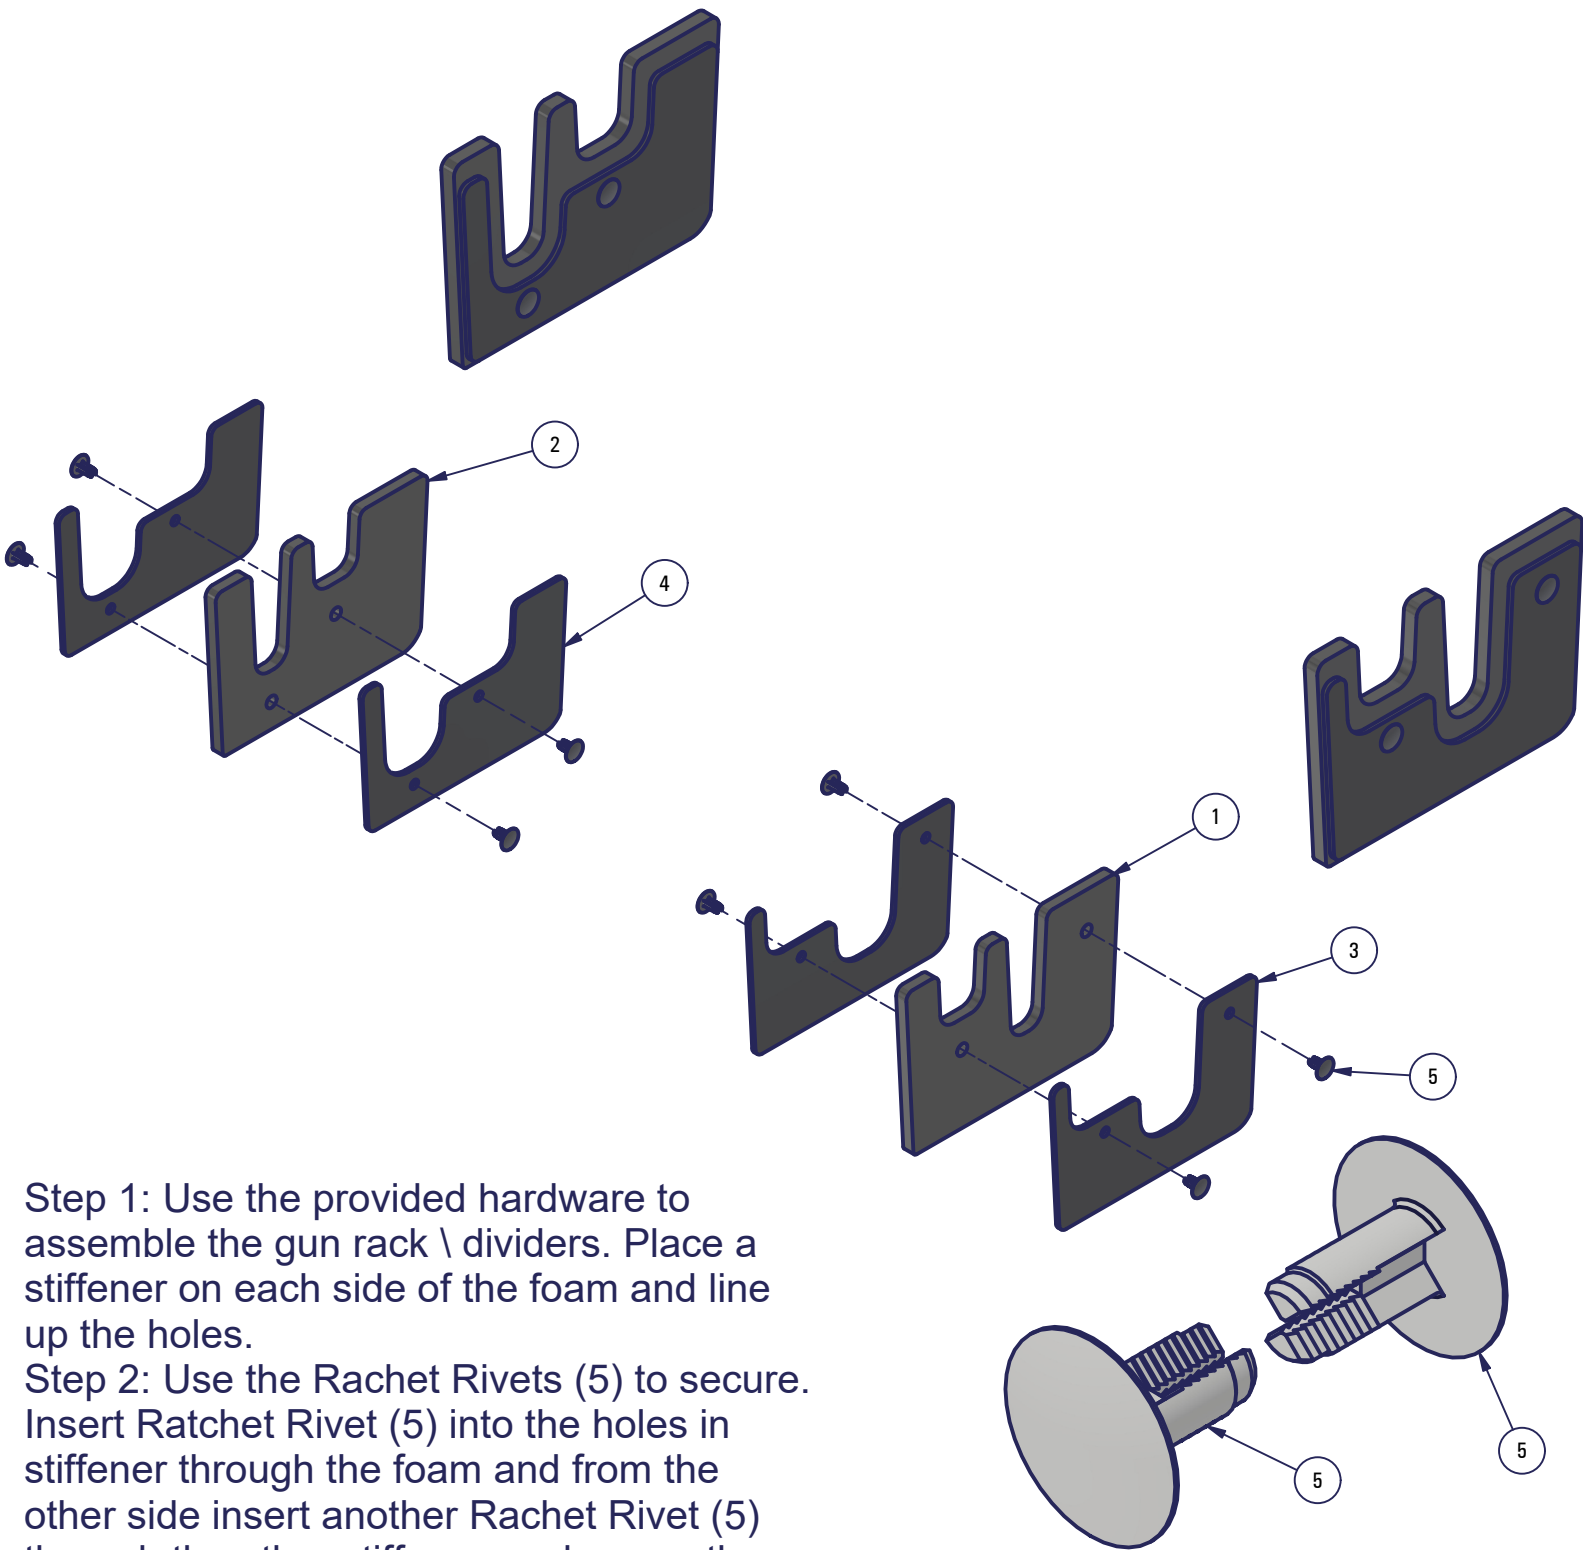

Safety Instructions:

Warning: Seat bottom must be latched down at all times while vehicle is moving. Make sure the DU-HA is secured in the vehicle according to installation instructions. Do not store explosives or hazardous materials in the DU-HA. Do not place loaded guns in the DU-HA.

For further instructions refer to truck owners manual or contact DU-HA, Inc.

Part	Part Number	Description	Qty
A	20031	DU-HA Storage Unit	1
B	Divider-20031	Foam Organizer / Gun Rack	2
C	Divider-20031	Plastic Stiffener	4
D	1001297	Ratchet Rivet 1/2" x .406 OD	2

Step 1: Use the provided hardware to assemble the gun rack \ dividers. Place a stiffener on each side of the foam and line up the holes.

Step 2: Use the Ratchet Rivets (5) to secure. Insert Ratchet Rivet (5) into the holes in stiffener through the foam and from the other side insert another Ratchet Rivet (5) through the other stiffener, make sure the teeth on the Ratchet Rivets (5) oppose each other (as shown in detail) and line them up and push together using thumb or finger on each side, repeat for other holes. Do this for each gun rack \ divider.
